

# TAYLOR BLVD/NEW CUT RD SAFETY STUDY

**WHAT:** Taylor Blvd/New Cut Rd (KY-1865) is a high-crash corridor currently being studied for safety improvements. The study will include crash and traffic analyses and make recommendations on construction funding and phasing.

**WHO:** Kentucky Transportation Cabinet (KYTC), through engineering consulting firm Burgess & Niple. Funding is provided by KYTC's Highway Safety Improvement Program (HSIP).

**WHEN:** The study is expected to be completed by Summer 2024.

**WHERE:** Taylor Blvd/New Cut Rd (KY-1865) between the Watterson Expressway (I-264) and the Gene Snyder Freeway (KY-841).

**WHY:** Reduce fatal and serious injury crashes.

## We want your feedback!

- What do you like about Taylor Blvd/New Cut Rd?
- What would you like to see in the future?
- If there was one thing you could fix about this road, what would it be?

## How do I provide feedback?

- Join us for an open house on Wednesday, September 20 from 5-7pm at Lynnhurst United Church of Christ (4401 Taylor Blvd).
- Scan the QR code below. Provide your input using the online form.

***The public comment window closes on  
October 20, 2023.***
